

CERTIFICATE

Certificate-ID: C-06-2024-21266183-2
Certificate for: Green by Choice (version 1.1)
Certificate holder: First Climate Markets AG
Friedberger Str. 173
61118 Bad Vilbel, Germany

Valid until: 30.06.2025
Certification basis: "Green by Choice" criteria catalog (version 1.1) with the following central requirements:

- The green power certificates (HKNs/GoOs, I-RECs, RECs or certificates from the respective national certificate system) for the Green by Choice product (version 1.1) originate entirely from renewable energies in accordance with the regulations applicable in the respective energy market.
- The product variant "Naturstrom BASIS" meets all minimum requirements for the product Green by Choice (version 1.1).
- The product variant "Naturstrom Wasser und Wald" also guarantees a subsidy of 2 Ct./MWh or at least 250,- € per year and customer for the Bergwaldprojekt e.V. for the implementation of regional environmental protection measures.
- The product variant "Naturstrom Reinvest lokal" ensures a funding contribution of at least 25 Ct./MWh into local and ecological projects implemented by offering energy suppliers or end customers.
- The product variant "Naturstrom Kind und Zukunft" is characterized by a donation of 2 Ct./MWh or at least €250 per year and customer, which goes to social projects of the German Children's Fund or other socially committed associations.
- All of the above product variants can be combined with optional additional features regarding country of origin, a contribution to climate protection through CO₂ certificates (upstream chain emissions), generation technology, plant age, monthly coincidence of time and reinvestment obligations of plant operators.

Voluntary evidence was provided through an audit that the above requirements have been met for calendar year 2023, and the requirements are in place for 2024.
